

We are a group of women drawn together by the Grace of God lavished on us. We desire to increasingly express our appreciation of His sacrificial love through growing in our relationship with God and each other, and reflecting His love to those around us. Through opportunities for women of all ages to meet together, we aim to encourage and instruct each other in God's Word. Focusing on issues relevant to women, our desire is to be a blessing to the local church and beyond.

Titus 2:3-5
